About Camp Huston

Camp Huston is an Episcopal summer camp where children and young adults come to learn more about nature, more about God, and more about themselves. Our 70 acre property is about an hour east of Seattle off Highway 2 - in the foothills of the Cascade mountains. Our goal is for campers to develop leadership skills, build self-esteem, and have fun.

Small Group Experience

Each week the camp is split into small age-based Discovery Groups where campers participate in various program activities such as interactive games and hiking. Most campers also participate in challenge course team-building initiatives. Every day also includes Activity Time where campers can choose between archery, swimming, crafts, or field games! We value small group and community experiences so campers are surrounded by supportive friends all week.

Christian Community

Each session, a resident chaplain provides spiritual guidance to our campers and staff. Campers plan chapel services, and lead the community in worship each night. Every meal begins with a camper-led grace. Campers are encouraged to reflect on how they relate to God as a recipient of God's gifts, as a steward of creation, and as a member of a Christian community. Our staff are trained to facilitate this process throughout the week, through everything from arts and crafts, to team-building, to hiking – we are intentional.

Rules for acceptance and participation are the same for everyone regardless of race, color, religion (creed), sex, gender expression (identity), national origin (ancestry), or sexual orientation.

Medical histories are required and accident insurance is carried on all campers. Medical forms and a complete list of what to bring to camp are available in the summer camp section at huston.org. Lifeguards and Staff are certified in first aid and CPR.

Financial assistance is available for any family. Please ask your parish or call 360-793-0441 for details.

Camp Huston is accredited by the American Camp Association, meeting over 150 standards to ensure camper health and safety.

COUNSELOR TRAINING

The biggest ten days at Camp Huston every year: Counselor Training is an intensive leadership development program. Through experiential hands-on learning, the resident staff and directors immerse participants in strategies for how to be an effective counselor during the summer program. We cover topics such as group facilitation, listening techniques, program creation, conflict resolution, mentoring, and feedback communication. All staff members must complete this program. Returning counselors come back each year for skills renewal and continuing leadership development.

June 26 - July 5

Rev. Laura Murray

16+ years old & have completed 10th grade Price: \$420

Participants are invited to work as counselors this summer on the basis of active participation in the training program, and responsible behavior as a member of the camp community. There are no exams, but you can exclude yourself from counseling through irresponsible actions or non-participation. You will be provided with a training manual on the third day and are expected to bring it with you to all training sessions. Contracts to work a summer camp session will be awarded at the conclusion of counselor training, based on performance.

Discovery Camp

A traditional rustic summer camp experience, Discovery Camps are Huston's quintessential programs. During the week, the campers are split into small "Discovery Groups" led by trained counselors and staff. Every day the groups spend mornings and afternoons together playing games, hiking the
