

## TIERED PRICING MODEL

At Camp Huston we believe all youth and families should have an opportunity to attend camp programs and financial need will not be a barrier to those experiences. The tiered pricing model allows families to self-select the summer camp fees that are appropriate and accessible to their family's needs. We're grateful to those who can afford the unsubsidized "actual" cost for supporting this effort to broaden our reach as we seek to create transformative programs for our youth and families to engage in at Camp Huston.

### YOUTH & FAMILY PROGRAMS

**Tier #1** | The unsubsidized "actual" cost of camp represents the full cost of operating camp, including not only the basic costs of camp but also, long-term maintenance and wear & tear to the camp facilities.

**Tier #2** | This self-selected subsidized option enables families to participate in Camp Huston programs and represents costs that are closer to our historical pricing.

**Tier #3** | This self-selected, **further** subsidized option enables families to participate in Camp Huston programs and represents costs that are **significantly below** our historical pricing.

For families who need extra financial assistance, Camp Huston also offers two additional scholarships based:

- **The Bishop Curtis Scholarship Fund** was established to support families-in-need in sending their children to summer camp. Any family affiliated with an Episcopal Church in the Diocese of Olympia is eligible for financial assistance, regardless of their circumstance. The camper's family, the camper's church, and the Bishop Curtis Scholarship Fund each cover  $\frac{1}{3}$  of the cost of the camp session.
- **The Director's Scholarship Fund** was established to support families-in-need in sending their children to summer camp or a participant to a Huston retreat. The participant or family agrees to pay  $\frac{1}{3}$  and Camp Huston pays  $\frac{2}{3}$  of the registration fee, regardless of their circumstance. Additional options are available upon request.
